CANYON, TEXAS

THURSDAY, APRIL 25, 1974

12 PAGES ONE SECTION

15 CENTS

Three one act plays will be presented by first year drama students of Canyon High School on May 9 at 8 p.m. Plays to be presented are "The Lottery," "Under the Sycamore Tree" and "Once Upon a Playground." The above students are rehearsing for "Once Upon a Playground" a story of children rejecting a playmate because "she is different." Admission to the plays will be \$1 for adults and 75 cents for students.

## Pharmacy School Issue Revitalized

The possibility that West Texas State University might be the future site for location of a school of pharmacy was revitalized last week when the state's higher education coordinating board agreed such a school should be funded somewhere in the state.

Dr. Lloyd I. Watkins, president of the university, returned from a meeting in Austin of the Coordinating Board, Texas College and University System and said Monday, the board reversed the decision of a blue-ribbon committee which said in a majority report that no new pharmacy school is needed in the state.

Watkins said he appeared before the program committee of the coordinating board last week along with representatives of the University of Texas at Dallas and Texas Tech to present formal proposals for establishment of a

pharmacy school. The three universities have each applied to be the location of the school.

Watkins said although the coordinating board has decided another pharmacy school should be funded in the state, they have not made any decision on where that school should be located.

He said the board instructed its staff to prepare a proposal for location of the school.

The staff proposal or study is to be presented the whole board not later than October.

"We've offered to provide any materials, any assistance, anything

we can and we will cooperate with them in every possible way because we very much want to bring the school of pharmacy to this region," Watkins said.

A seven-man blue ribbon committee, appointed last fall by the coordinating board to study both the need for a new school of pharmacy and the location for such a school if needed, returned a report not long ago on its findings.

The committee split on the issue with four in the majority and three in the minority. The majority report recommended no new pharmacy school be

funded, while the minority report took the opposite view.

Watkins said the majority report was based on statistical data which viewed the need for a school of pharmacy in terms of the whole state.

They failed to take into account, he said, the concentration of population in south and east Texas where facilities are already adequate but the concentration of population in the Panhandle where there are no such facilities.

Watkins said many potential pharmacy students from the

(See PHARMACY, page 5)

## Low Bid For Construction High But Plans Continue On Overpass

An Amarillo firm was apparent low bidder Tuesday to construct a grade separation which will more closely link Hunsley Hills with Canyon's downtown area.

Gilvin-Terrill Inc. of Amarillo bid a total of \$1,102,142 to construct the grade separation. The firm was one of three bidders for the project.

Don Day, local Texas Highway Department official, said contract on the job will be awarded at the new meeting of the state highway commission, probably on May 6 in Austin.

He said between a month and six weeks will be required to finish paperwork on the project before construction can begin on the grade separation.

Day said the low bid received Tuesday on the project is about \$350,000 more than initially anticipated for the construction.

A year ago, highway

engineers estimated cost of construction at about \$620,000. About six months ago, that cost estimate had risen to about \$900,000.

The fuel crisis caused the upward spiral in the estimated cost, Day said.

"The major item is asphalt," he said. "It's more than doubled in the last six months."

Asphalt is a petroleum product.

Even though the price tag for construction of the grade separation is much more than anticipated for the project, Day said he is optimistic the construction will be approved by the state highway commission.

He said all other related costs for the project have been taken care of, all right-of-way land has been purchased, and "everything else is go."

In connection with the construction project, the City of Canyon will shut off water and sewer

service to all houses in the Hunsley Hills addition today to facilitate lowering of water and sewer pipes which serve that area.

Notices were sent from city hall Monday to residents of Hunsley Hills concerning the water shut-off.

City Manager George Louder has said he expects the water service to be off about eight hours, from 9 a.m. to 5 p.m.

The construction project calls for lowering of

U.S. 60 to go under 15th Street which carries traffic into and from Hunsley Hills.

Currently, residents must cross busy U.S. 60 at two stop signs to go into or come from the Hunsley addition, a fast-growing portion of the city.

The new project, upon completion next year, would eliminate the stop signs and the danger of serious accident at the intersection.

## Funding Is Possible For Wind Energy Proposals

A proposal from a West Texas State University professor and an Amarillo College colleague to study the potential use of wind in Texas to supply some of the state's energy is up for funding if the state receives a more than \$1 million federal grant.

Dr. Vaughan Nelson, head of the physics department at

WTSU, and Dr. Earl Gilmore of AC, who have been working jointly for more than a year on gathering data concerning wind energy potential, have proposed a project for funding through the Governor's Energy Advisory Council.

The council has requested a million-dollar grant through the federal government to study potential energy sources for Texas and Nelson said his project has been selected for funding if and when the grant is approved by the National Science Foundation.

The energy advisory council is studying such things as future supply and demand for energy, environmental and social considerations, legal and regulatory considerations and new technology.

Nelson said so far he and Gilmore have only scratched the surface in their studies of wind energy potential for powering Texan homes or industries.

In a letter to State Sen. Max Sherman recently, Nelson said his data indicates the Texas Panhandle has the best potential for wind-generated power of any other locale in the nation.

The project, if funded, would allow he and Gilmore to collect more data.

He said word on funding should come no later than June. In his proposal for funding of

the project, Nelson notes that wind generated power has been used for a number of years to a minor extent in machines such as the wind mill and the old wind charger unit for pumping water and providing electricity.

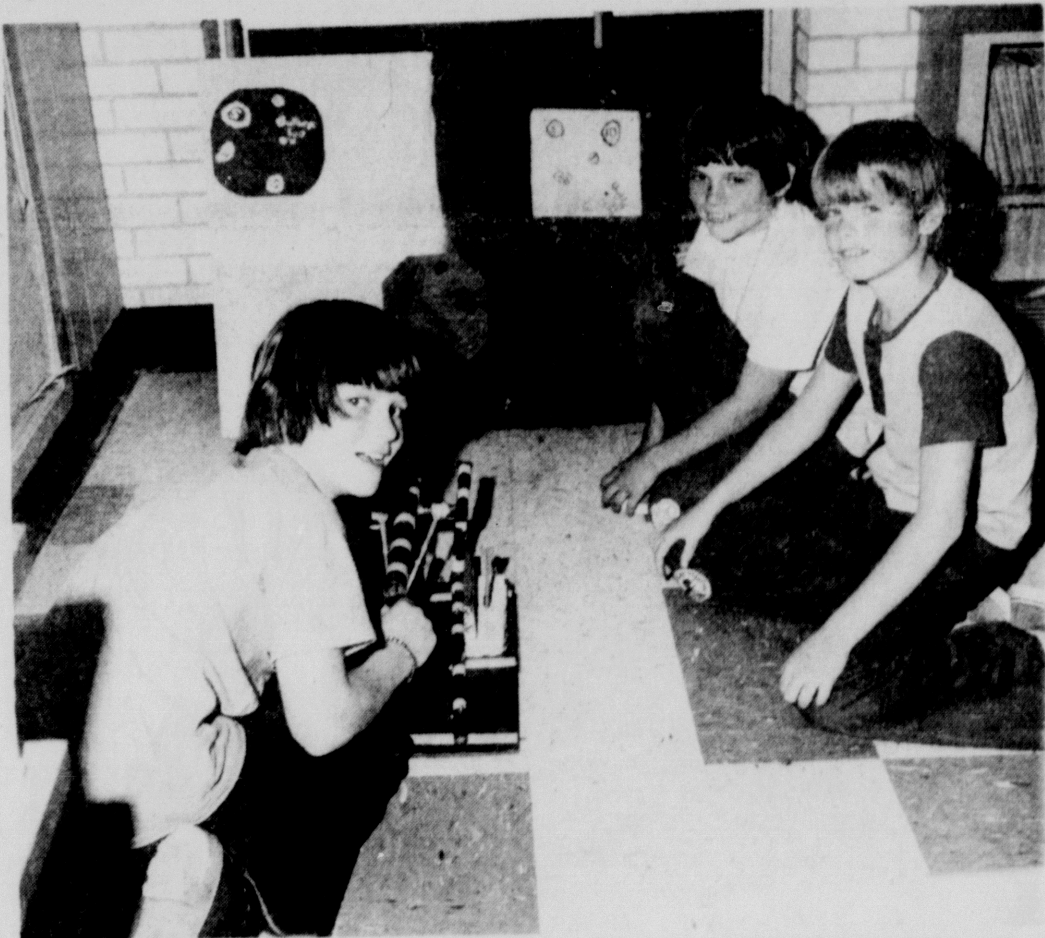

"In addition to the steadily rising demand for and cost of electrical power, two technologies have developed in recent years that could make the capture and conversion of energy from wind economically feasible," he says. One is the "computer, with which the extensive calculations required in the necessary analysis of wind characteristics can be made," and the other is "modern solid-state electronic devices, which can provide the greatly increased efficiencies and dependability required in the conversion and control of the electrical energy produced."

He cites the recent study which shows that a potential of capturing wind energy is on the order of a trillion kilowatt hours annually for the Texas Panhandle region.

"Thus it appears that Texas is especially favored in terms of the wind energy resource, a resource that is non-depletable and non-polluting," the project report says.

Nelson and Gilmore propose in their project to summarize all available information on the use

(See WIND, page 5)

A new game called "Sling a Dart" has been invented by these fifth grade students at Rex Reeves Elementary School. During a section of study in social studies, Mrs. Sandy Smith's fifth grade class studied the age of

invention and were given a chance to use their imaginations. Dennis Hill, Steve Gallman and Ronny Hoyle, who invented the machine, are demonstrating how it works.

## County Commission Sets Meeting With Amarillo

Randall County Commissioners will meet Monday evening with Amarillo City Commissioners to discuss the exchange of fire and computer tax office services.

The meeting will be at 7:30 p.m. Monday in the Amarillo city

### RSVP Eyes New Office For Canyon

Within a month, Canyon senior citizens who find themselves with time on their hands and want to work on a volunteer basis will have that opportunity through a coordinating unit.

Mrs. Margaret Logan, project director of the Amarillo Retired Senior Volunteer Program, said this week she plans to open an office in Canyon on a part-time basis within a month.

The office will probably be located in the courthouse in downtown Canyon, she said, and will probably be open on a half-day basis.

The RSVP program is designed to provide assistance for senior citizens who want to work on a volunteer basis. The office will assist them in locating a job.

Mrs. Logan said the program is (See RSVP, page 5)

### On Joint Services

commission conference room.

The Monday meeting follows a meeting held two weeks ago between two Amarillo commissioners and Randall County Commissioners John Fulgenzi and Jim Fletcher.

Fletcher was critical of the set-up of the Monday meeting, noting during Monday's regular commissioners court session, it would be difficult to enter fruitful discussions if the full Amarillo and Randall commissions are involved.

The discussion Monday is expected to center around the \$845 fee charged by the city of Amarillo to fight fires in rural areas of Randall County, and a proposed \$16,000 fee the county has placed on computerized tax information wanted by the city.

No concrete solutions to the services problems emerged from the meeting two weeks ago.

In other business Monday, commissioners okayed the purchase of a pneumatic roller for the road maintenance department at a cost of \$3250.

Art Vaughan, Amarillo architect, told commissioners he hopes plans and specifications for construction of a new South Amarillo courthouse annex will be ready to let for bids by mid-May.

Construction, he said, could begin June 1.

Vaughan showed commissioners elevations of the proposed structure.

Commissioners plan to spend not more than \$300,000 to build

the new annex on a site in South Amarillo.

Larry Hooper, local real estate man, was named chairman of the Veterans Land Board for the county. He replaces A. L. Crossland, who recently resigned the position.

Commissioners also signed a hold-harmless agreement between the county and the Hereford and Bushland fire departments. The agreement releases the two fire departments from liability when their men are fighting fires in Randall County areas.

The possibility of operating a senior citizens center in Canyon will be explored in a town-hall type meeting to be held in early May in the county courthouse.

The meeting will be at 7 p.m. May 9 in the county courtroom of the courthouse here.

Mike McQueen, director of the Amarillo senior citizens center, will present a brief program on the operation of the Amarillo center.

But, primarily the meeting will be held to assess the need for

such a center located in Canyon and the ideas for what such a center should provide.

McQueen said the primary purpose of the meeting should be to find out first whether there is enough interest in Canyon to support a senior citizens center and second what kind of center they want.

The town-hall meeting would come before any planning activities to form a center here.

McQueen said a town-hall meeting was first called in Ama-

## Town Hall Meeting Set Here

## Sr. Citizen Center Eyed

rillo to initiate action on acquiring a senior citizens center there.

That meeting led to the organization of the center, which is now located in the old Amarillo High School building in downtown Amarillo. The center is run for a senior citizens association which rents the space for \$1 per year from the Amarillo College district.

McQueen said the Amarillo association currently has more than 4200 members and membership dues are only \$2 per year.

The center is currently operating under a Bivins Foundation grant.

The Amarillo center, he said, attracts many Canyon residents also.

The center is a multi-purpose area where senior citizens hold dances, songfests and the center includes a restaurant for meals.

He said several smaller towns outside Amarillo have recently opened senior citizen centers.

## 'Doing All We Can' To Help Faculty - Watkins

The president of West Texas State University said this week the administration "will do everything we can" to try to keep from releasing more faculty members at the university.

Dr. Lloyd I. Watkins, reiterating that the 1975-76 university budget is tight, said the administration plans to cut back on

travel budgets in an effort to save possibly as much as one position on the faculty which might otherwise have to be eliminated.

"We're going to do everything we can to keep people from having to get notification of termination," he said. "There's no question there will be some letters go out."

"You just try to find all the money you can and I think we've done a good job at that."

Dr. Ray Malzahn, university academic vice president, recently said the administration is now eyeing the budget to determine how many faculty positions must be cut. Letters of notification are expected to go out before May 10.

More than two dozen faculty members have been released from teaching positions at the university in the last few years since university enrollment took a nosedive from a peak of nearly 8000 students.

Watkins said this week travel budgets for departments are being examined for reduction in the effort to find money to save faculty positions.

He said in some cases retirements and normal attrition may take up some slack and make some cuts unnecessary.

But, he noted that resignations and retirements do not always occur in the areas of declining

enrollment and frequently occur in areas of student growth.

The problem of faculty cuts is not unique to WTSU, he said.

"The thing we're experiencing is being experienced by almost every state college in America," Watkins said. He cited similar problems in such states as California, Missouri and throughout the Midwest.

Watkins cited the great influx of students during the 1950s and 1960s as the impetus for a build-up in university facilities and faculty numbers.

The student drive for college education has now declined he said, and the result is the need to cutback on faculty members in areas most affected by the decline.

She is a truly liberated woman, — but she loves and admires her chivalrous chauvinist husband.

by Troy Martin

FROM THE

CANYON RIM

I'll put my money on Jack Hightower in the Democratic Primary balloting on his party's nomination for Congress.

Hightower understands the people of this area and apparently neither of his opponents do.

Both Ray Ruffin and Dr. Louis Finney seem to be basing races on past goodness about which I am not prepared at this point to testify.

So far I haven't seen Dr. Finney. My only contact with him has been through a young man representing himself as a member of the Finney entourage who came down to Canyon and parked on a fireplug in front of The News office while he discussed the campaign. Canyon police dutifully hung a ticket on the auto.

But I certainly don't blame Dr. Finney for this.

I might be inclined to favor the doctor, a neuro surgeon, if he wanted to go to Washington to perform some lobotomies on some of the folks already in Congress.

Ray Ruffin's candidacy — ah, now there's the rub. I don't need Pat Boone to tell me who ought to go to Congress from the 13th District. As a matter of fact, I resent Boone's TV spots enormously.

Ruffin's approach to solving the Panhandle water problem as well as his suggestion to establish Congressional Associates in every community in the district appear to me — an amateur — as juvenile.

Although his signs over the area say: "I hear you," apparently Ray hasn't listened to a hydrologist lately. Ruffin says he wants to fulfill the Panhandle's water needs by digging wells to the Santa Rosa formation and building desalinization plants to purify water too heavy with minerals.

"Ridiculous," says Hydrologist Dr. Robert Winn of West Texas State University. He said we use more water from the Ogallala formation each year than even exists in the Santa Rosa. "At best the amount of water to be found there is miniscule," said the water expert.

Also water in the Santa Rosa is patchy and scattered. He branded this idea as totally impractical.

Ray was on a panel discussion Sunday along with Jack Hightower on an Amarillo television station.

He suggested Congressional Associates in each community in the district. I don't know how many communities there are in the district but the number must

COMING ON BIG...

be formidable and such a plan undoubtedly would cost the taxpayer plenty in associate salaries.

An associate presumably would draw at least \$10,000 a year with an additional \$5,000 office expense. This alone could cost taxpayers a cool million dollars annually and add one more layer to the bureaucracy under which we already are groaning.

Practiced across the 50 states, it could cost billions in extra taxes and open the door to unspeakable corruption.

Hightower in 30 seconds ripped this plan to shreds saying it was his intention to be personally available to any constituent who needs him. "I'll be available 24 hours a day," declared Hightower.

"My home telephone will be listed in the directory and I'll be available," the state senator added taking a cut at Ruffin that may have been lost on most of the television audience.

There is no home telephone listing for Ray Ruffin in the current Amarillo directory.

## News Brief

The West Texas State University real estate division has received yet another sizable donation from the Texas Association of Realtors in Austin. TAR state president and Amarillo insurance agent Franklin Jeffers presented a \$500 check to WTSU professor Zeke Marchant, making their total contribution to WT \$1,500.

Council and Mrs. Lloyd I. Watkins, honorary chairman, are shown accepting the check from Mrs. David A. LaBrie, president of Wives, Etc., shown right.

## Seminar To Aid City Officials

Newly-elected city officials from throughout the state will have the opportunity this summer to gain some knowledge they might spend a year in office learning.

A 3-day orientation seminar for newly elected city officials will be conducted on the West Texas State University campus in early June by Dr. Walter Shelly, professor of government.

Shelly's program was the only one of five proposals approved by the Coordinating Board, Texas College and University System recently for funding on the university campus.

The seminar will draw heavily from local political science professors, including two who either have been or are currently city commissioners.

Shelly said the seminar is

designed to teach the newly elected officials some basic information about city government and to acquaint them with problems and possibilities which will face them as they govern.

"If you look at the people elected, they come from all walks of life and then they are thrown into the decision-making process with very limited information concerning the essentials of municipal government," Shelly said. "Thus, by preparing a program of this nature, which would involve concentrated study in a limited period of time, the newly elected officials should be better prepared to handle the many problems."

Shelly said it might not be unusual for a newly elected city councilman or commissioner to sit on the governing body for many months before he is able to bring any expertise to bear on the problems which confront the city.

"This program should cut down the amount of time they're going to spend just learning the ropes," Shelly said.

The seminar will be the first of its kind in the state and has received support from many local governmental units.

The seminar will cover such topics as municipal law, intergovernmental relations, finances, the role of regional planning commissions and personnel systems.

The seminar is tentatively scheduled to begin June 6 and run through June 8.

## Music Workshops Scheduled For Offering During Summer

Five workshops are scheduled this summer through the music department at West Texas State University.

The workshops involve beginning guitar, music therapy, choral conducting, concert band and marching band.

The workshops begin in mid-June and continue through late July.

Registration for the guitar, music therapy and choral conductor's workshops. Persons registering for only one of the workshops may register before noon on the first day of the workshop.

Registration for the concert band workshop will be on July 15. Registration for the marching band workshop will be July 20.

Dr. Henry Eisenkramer, who has conducted demonstration workshops throughout the country, will be clinician for the guitar workshop. The seminars are scheduled June 10-14 from 1:30 to 4:30 daily with one credit hour being awarded for completion.

Martha M. Estes, assistant professor of music at WTSU, is clinician for the music therapy workshop which is scheduled June 17-21 from 1:30 to 4:30 p.m. each afternoon. One credit hour will also be awarded for completion.

The choral conductors' workshop will be conducted by

### Statser Birth Is Announced

Heather Elizabeth Statser was born April 18 at Neblett Memorial Hospital in Canyon and is a new arrival for the John W. Statser family of 2309 North 3rd Avenue in Canyon.

The baby weighed 6 pounds, 7 ounces and measured 19 inches at birth. The Statser's also have a two year old child, Rushe Albert. The father is employed with Merritt Trailers.

Maternal grandparents are Mr. and Mrs. Thomas J. Wildman, Jr. of Albuquerque, N.M. and paternal grandparents from Amarillo are Mr. and Mrs. Lee J. Statser.

## Variety Ring Holds Meeting

Variety Ring members met with Mae Johnson for a regular business session Friday, April 19, with Margaret Cole, president, in charge of the meeting.

Members answered roll call with "what I did Easter" and following the reading of secretarial minutes, the money box was passed and secret pal gifts exchanged. Jettrew Winters won the guessing box and the group welcomed back several members following several absences.

Refreshments were served to guests, Laura Billingsley and D'elma Smith and members including Mesdames Modena Barker, Alice Black, Margaret Cole, Roxie Hammons, Dixie Harding, Eula B. Harding, Laura Hartman, Mae Johnson, Lydia Matler, Daisy Neal, Gladys Pitt, Ann Weaver and Jettrew Winters.

Next meeting for the group will be May 3 at the home of Lydia Matler.

## News Brief

Awareness Conference dealing with the question of how the church and its membership works to obtain a common goal will be the subject of a conference session from 7-9 p.m. April 28 in Fellowship Hall of the First United Methodist Church of Canyon.

## Repair Begins On Elevator In Courthouse

Work began Tuesday on repair of the elevator in the Canyon courthouse after the elevator had been inoperable for more than six weeks.

Representatives of Esco Elevators Inc., are expected to spend about a week repairing the elevator at a cost of about \$4000.

The elevator began leaking hydraulic fluid about eight months ago and county commissioners delayed repairing the unit until it ceased working last month.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

# Junior High Counselor To Retire

"I could go on for five more years but there are a lot of things I want to do," stated Mrs. Gene Fatheree who will be retiring from counseling at Canyon Junior High School at the end of this school year.

Mrs. Fatheree has been a counselor with the Canyon school system for the past four years. Prior to coming to Canyon she taught for 25 years in the Pampa school system. She taught junior English while at Pampa.

Mrs. Fatheree said that the change from the classroom to counseling was difficult at first. She stated that she "missed that touch you have with the students."

"Junior High is a whole new bag," according to Mrs. Fatheree. She said that she wished she could have had the experience of a junior high school counselor before teaching in high school. She said that problems of high school students are usually deep-seated but that junior high age students have a better chance of getting things worked out. She feels that there is a special need for counselors on the elementary and junior high levels. She said that problems need to be solved as early as possible.

Mrs. Fatheree uses a directive form of counseling. She said that students need to know they are

making choices now that will affect their later life. Both sides, good and bad, need to be presented to the student so that a value judgment may be made according to Mrs. Fatheree.

There is also a lot of clerical work involved in her job. She works with registration, withdrawal from school and with special problems.

She stated that these years of teaching and counseling had been the most enjoyable years of her life. She said that it was a joy to see the expression on a student's face turn from unhappiness to joy.

Mrs. Fatheree assists all eighth grade students in filling out a four-year plan for courses to take in high school. She said that a student who knows what he wants to do can be aided by this plan in choosing the right courses. The student does have the right to change his mind and the plan will be changed according to his desires.

Following retirement, Mrs. Fatheree plans to work with senior citizens and do volunteer work at the speech and hearing clinic in Amarillo. She is an active member of the First Presbyterian Church in Amarillo and hopes to possibly have opportunities for counseling in the church.

11th and Brookhaven

## Building Trades Class Sets Open House

Open house at the house recently constructed by the Canyon High School Building and Trades students will be held Saturday April 27 and Sunday

April 28 from 1 p.m. to 6 p.m. On Sunday the house will be opened at 2 p.m.

The house is located at the corner of 11th Street and Brookhaven Avenue. Refreshments will be served to visitors.

by JIM ROGERS

"The classroom is the house," stated Harold Hagemier, instructor for the building trades classes of Canyon High School. Hagemier, who organized the program four years ago, stated that 50 per cent of those who took the course here went out into some area of the construction business. This, according to Hagemier, is a high percentage.

The major project of the building trades classes has been the building of a house on the corner of 11th Street and Brookhaven. Both first and second year students took part in the building. In this year's class there are twelve second year and eight first year students.

The house which was begun the first of October contains 2150 square feet of livable area not including the double garage built at the back of the house. Hagemier designed the house that has four bedrooms, two and three-quarter baths, a den-living area, dining room, kitchen and utility room. The house cost between \$32,000 and \$33,000 to build according to Hagemier.

The students are also in the process of building two portable classroom buildings which will be 24 feet by 32 feet. The buildings will be completed with heating, air conditioning, chalk boards and cabinets. The buildings will house about 28-30 students.

Prior to the beginning of building, the students are given a special course in safety, according to Hagemier.

The 21 students participating in this year's program have done all the work on the house with the exception of the plumbing, heating and air conditioning, brick laying and carpeting. An electrician has checked the wiring to make sure it meets building code requirements.

Except for outside work such

as paving the drive and walk, the students are basically through with the house.

The school does not make a profit from the sale of the house. All money above the actual expenses of building the house is used to buy tools and equipment to be used on next year's project.

It is hoped that there will be an open house showing of the project the last week in April.

According to Hagemier, students who sign up for the building trades program are not paid for the three hours a day that they spend working on the project. Hagemier said that if they sign up it is because they want to learn a skill. Students who sign up for the program are interviewed and accepted or rejected according to their desire to participate.

## Freshman Directs Youth In Happy

Garell Forehand is presently serving as youth director of the Church of Christ in Happy.

Forehand is a freshman student at West Texas State University and also works with the Church of Christ Bible Chair on the campus of the university.

He is a pre-law major from Slaton who is minoring in science and has maintained an A average in his studies. He is considered an excellent debator in the Missouri Valley Conference. His father is pastor of the Slaton Church of Christ.

Students who sign up for the program are expected to participate for two years. Students get nine quarters credit the first year and six quarters credit the second year. The students are divided into two sections. One section works in the morning and attends regular courses at the high school in the afternoon. The other section attends school in the morning and building trades class in the afternoon.

Hagemier said that there is no way to teach a student all he needs to know in the building trades profession in the two year period. He stated that he does try to give an overall view of the industry by teaching such things as blueprint reading, estimating and showing the students the different types of material that is used in building.

During the past four years the building trades class has averaged 20 to 25 students per year. Graduates of this class that have entered the construction industry are making about \$800 to \$1000 per month, according to Hagemier.

Students in this year's class are Randy Abbott, Mario Acosta, Jimmy Albertson, Tom Allen, Gary Bednorz, John Denton, Adrian Foil, Marcus Harding, Gregory Lehnick, Elbert Liekus, Ernie McBrayer, Jack McClain, Mark Prichard, Jimmy Settle, Mitchell Shadix, Jimmy Starkey, Rodney Thompson, Wayne Todd, Buddy Townsend, Marty Wallis and Jamie Wrather.

Mrs. Gene Fatheree will retire from the Canyon School system at the end of this school year. Mrs. Fatheree has been with public school systems for the past 34 years in either classroom teaching or counseling. Mrs. Fatheree describes these years as the "happiest of her life."

Mr. and Mrs. E. E. Miller of Canyon were busy parents and grandparents during the Easter holiday weekend as they entertained seven of their eight children and all of the grandchildren, except three.

Sgt. and Mrs. James E. Miller and children, Jennifer and Mike,

of Lawton, Okla. were weekend houseguests at his parents.

Joining Sgt. Miller, the E. E. Millers and son, Kevin, for a pot-luck dinner, visiting and the egg hunting on Sunday were Mr. and Mrs. Bill Watson, Shelly, Gaylon, and Ricky of Amarillo; Mr. and Mrs. Wylie Hannah,

## Ronnie Millers Take Positions

Mr. and Mrs. Ronnie Miller have recently moved to Amarillo, where he is working with the American National Bank and she is employed as the youth and educational secretary for Southwest Church of Christ.

She was formerly associated with the Church of Christ Bible

Chair on the campus of West Texas State University.

Beverly Mayes is the new Bible Chair secretary on a part time basis. Her husband is the education and youth minister for the Central Church of Christ in Canyon.

## The Hop Returns With A 'Flash' Sun. At WTSU

Rolled bobbysocks, crew cuts and goin' to the hop all will be coming back to West Texas State University with the appearance of Flash Cadillac and The Continental Kids at the WT Field-house at 8 p.m. Sunday.

Also on the bill is Dr. Hook and the Medicine Show, whose funky, clean music "has got to be the most engaging, happiest, gap-bridging act to invade this city in quite some time."

Flash Cadillac jived its way back into public favor along with high school romance and jalopy-dragging in the hit movie, "American Graffiti."

Dr. Hook's first big hit, "Sylvia's Mother," has been followed by other Shel Silverstein blues tunes and "You Ain't Got the Right."

Tickets are \$3 for WT students, and \$5 for non-students, and can be picked up at the Activities Center information desk and Hastings Book Store, Western Plaza, Amarillo.

The event is being sponsored by the WTSU Activities Council.

## Summer Seminar Set At University For Math Teachers

West Texas State University has received a \$15,000 National Science Foundation grant for a summer institute in Minnemast materials and methods of teaching for area school personnel.

Applications from elementary school teachers, supervisors and principals from throughout the Panhandle are now being accepted. Participants receive free tuition and fees, and six semester hours of credit at WTSU in Math 599-1 and Math 599-2 or Ed 583-2 or Ed 584-2.

An innovative, integrated program for teaching math and science simultaneously for grades 1 through 3, Minnemast was developed at the University of Minnesota.

"It utilizes elementary experiments in science for motivation of a child's learning," explained WT professor Hollis Cook, the project director.

For example, he continued, you can introduce a student to coordinate geometry through a map of streets and avenues.

"Such a thing lends motivation to learning geometry," Cook noted, "because it capitalizes on things which the student is acquainted with by virtue of his own experience."

The six-week session runs concurrently with the first WT summer term, June 3 - July 12. The institute will be conducted at Rex Reeves Elementary School and West Texas State.

Mrs. Virginia Stone, the recognized representative of the Minnemast Project in Texas, will do demonstration teaching and assist with the entire institute.

## Art Show Set To Begin Sun. For WT Student

The art works of Beth Line of 1009 6th Ave., a senior art major at West Texas State University, will be featured in a show opening Sunday at the formal lounge of the WTSU Fine Arts Building. The show will run through May 3.

A reception for Miss Line will be from 2 to 4 p.m. Sunday in the formal lounge.

A 1970 graduate of Borger High School, Miss Line specializes in watercolor.

Her works have been featured in shows in Amarillo and Borger and she has been involved in set designing for various high school productions.

In addition to her water colors, hooked rugs and sculpture will also be included in the show.

## Real Estate Meeting Set

About 30 persons are expected to be in Canyon Saturday for an all-day session of the West Texas Property Exchangers.

The meeting begins at 9 a.m. at the local community center.

Keynote speaker will be Franklin Jeffers of Amarillo, president of the Texas Association of Realtors.

The meeting is open to all local and area Realtors interested in

the sale or exchange of property. J. Keith Bright of the Blackwell Agency will host the day-long meeting.

The area group is affiliated with the Texas Property Exchangers, a state-wide organization with marketing facilities for more than 18,000 investors.

In the near future, the area group will host a tax seminar in Lubbock.

**Diaz Family Has Daughter**  
Mr. and Mrs. Prazdez H. Diaz of 1306 Bluebell in Amarillo announce the birth of a daughter, Juanita Ramos Diaz, who arrived at Neblett Memorial Hospital in Canyon weighing 8 pounds and measuring 20 inches in length.

The Diaz have a second child, Gabriel Ramos Diaz, age 4 and the father is employed with Southwestern Public Service Company.

Grandparents are Mr. and Mrs. Emigdio Ramos of Tulia and Mr. and Mrs. Alfred G. Diaz of Amarillo.

**Infant's Birth Told By Moores**  
Capt. and Mrs. Russell I. Moore announce that their young son, James Bradford, has been released in mid-March from the intensive care unit of High Plains Baptist Hospital in Amarillo.

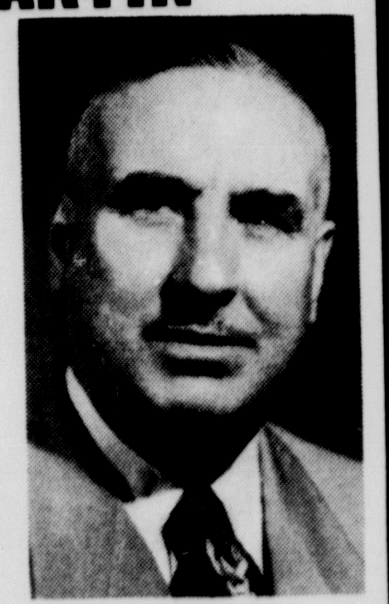

The infant was born February 21 and weighed 5 pounds, 14 1/2 ounces at birth. He was placed in intensive care shortly after birth. The Moores have a daughter, Rebecca Susan, age 3.

Capt. Moore is an instructor in the Reserve Officers Training Corps at West Texas State University.

Grandparents of the two children are Mr. and Mrs. Robert Phillips of El Paso and Lt. Col. (Ret.) and Mrs. C. R. Moore of Redwood City, Calif.

**Visitin' Folks**  
Mrs. W.R. Franklin had as week end houseguests, Mr. and Mrs. William Payne of King's Manor in Hereford.

Joining the Paynes and Mrs. Franklin for visiting on Sunday were Mrs. Bonnie Sluder and two granddaughters of Happy; Mrs. Ida B. Fortenberry and her daughter, Mrs. Bob Brooks, and two daughters of Amarillo; and Mr. and Mrs. Roy Franklin and Angela Lane of Canyon.

## Need Firetruck Funds

By EARLINE BENHAM  
The fire department meeting April 22 decided on the type storage garage they needed for the fire truck. A representative from Graden Steel Corp. visited with them and helped them decide on the size and style necessary. He will return April 29 to quote them prices.

However, the fire department will first concentrate on gaining funds for the fire truck before any decisions are made for the building. They haven't found another truck as of yet, but plan to be ready when they do find one.

**Veterinarians Participating In Conference**  
Dr. Billy Martin and Dr. David T. Bechtol, both of Canyon, will participate in the 6th Annual Southwestern Animal Health Conference for Livestockmen to be held in Fort Worth April 27-28 at the Green Oaks Motor Inn.

Dr. Martin is a veterinarian employed as a technical specialist with Merck and Company and will appear on the Conference speaking on the topic "Basic Parasitology and Approved Anthelmintics."

A veterinarian engaged in consultant work with feedlots, Dr. Bechtol, will be among those attending the conference which will include 42 speakers who are producers, managers, or experts on animal health. The conference is sponsored by the Texas Veterinary Medical Association and College of Veterinary Medicine of Texas A&M.

The conference is designed to stress that the health of animals is directly related to profits. Speakers will give the livestockmen information about preventive medicine as well as how to cope with diseases, infections and parasites once they invade the herd or individual animal.

Livestockmen and horse owners will have the choice of attending one or more of the five sectional meetings on Cow-Calf, Feedlot, Dairy, Swine, and Horses that begin Saturday. The general session Saturday afternoon is designed for all participants where David Witts, attorney and livestockman of Dallas, will discuss "How American Agriculture Can Solve The Energy Crisis." Other speakers and their topics at the general session will be George C. Shelton, dean of the college of veterinary medicine from Texas A&M University on "The Future of Food Animal Medicine"; Dr. W.L. Anderson, Dallas practitioner and member of the Texas Animal Health Commission, with a "Brucellosis Up-Date"; and a panel discussion by veterinarians, E.M. Bailey and A.K. Eugster, and practitioner, Dr. H.M. Head of Littlefield, on "Why Vaccines Work."

**"Scarlet Thread" Review For Group**  
"The Scarlet Thread" will be reviewed for members of the Senior Citizen's Club in Amarillo at the meeting in the former Amarillo High School Building today, Thursday.

Mrs. Gilbert (Ann) Brown will review the book at 10:30 a.m. Mrs. Brown authored the book. All local members of the group are urged to attend.

**News Brief**  
Dr. Fred Stoker, head of the Department of School Services at West Texas State University, has been elected secretary-treasurer of the Texas Professors of Educational Administration Organization. Dr. Stoker received this honor at the annual meeting of the group April 18 at Wimberley, near Austin.

You do have a choice May 4th

**RSVP...**  
(Continued from Page 1)  
for persons 60 years of age and over. She said currently only a handful of Canyon residents are involved in the program through the Amarillo office.

The volunteers can work in non-profit organizations such as West Texas State University, the Panhandle Plains Historical Museum or other such institutions.

The RSVP program in Amarillo is functioning on a five-year grant obtained through the Panhandle Community Action Corporation.

More than 250 persons are involved in the program in Amarillo.

Mrs. Logan said she describes the RSVP services as placement information for persons interested in working for no pay in various capacities.

The volunteers are not to replace paid employees and are not to be in supervisory positions, she said.

She said the program was originally designed to help the senior citizen feel and become a part of the working community

**Pharmacy...**  
(Continued from Page 1)  
Panhandle area are pursuing degrees in schools outside Texas. Currently, three pharmacy schools are in operation, two in Houston and one in Austin.

The blue-ribbon committee's report was presented the coordinating board's program committee last week and the committee rejected the majority report, Watkins said.

The full coordinating board accepted the recommendation of the program committee.

Watkins said the university presentation during both the program committee and coordinating board meetings centered on the number of students available from the Panhandle for attendance at the school and on the fact that WTSU could more economically produce the school.

"It seems to me the taxpayers would applaud the selection of the place which is in the right location and which can do the job most economically," he said.

We must provide the best possible education, from pre school through college or vocational school.

Honestly committed to the Texas Panhandle

## If you can't get PIONEER Brand 8311

### here are some excellent alternative hybrids for High Plains farmers.

Pioneer Brand 8311, the "Golden Bronze Yield Leader," has been our most popular hybrid this year — so popular, in fact, that it may be in short supply in some areas. One reason is that the demand has been so great downstate where 8311's disease tolerance is so important. Fortunately, there are several other Pioneer Brand hybrids that are proven top performers on the High Plains. If you can't get 8311, ask your dealer about these.

### PIONEER Brand 8417

This versatile yellow endosperm sorghum is a champion yielder in the medium-late maturity class, for irrigated or non-irrigated land. It has large open heads, uniform head height, strong stalks for easy threshing, good tolerance to smut and anthracnose.

### PIONEER Brand 820

This top notch full-season hybrid, is a consistently high yielder. Excellent drought resistance and standability plus good roots and stalks make it a good choice for irrigated or non-irrigated farming on the plains.

### PIONEER Brand 828

One of the highest yielding sorghums you can plant, this full-season hybrid responds well to good management on good land with plenty of water. Plains growers like it because it holds its quality and threshes well even after an early freeze. It produces sturdy stalks with semi-compact heads of dark red grain.

### PIONEER Brand 846

Famous for its versatility and adaptability, this medium maturity hybrid yields along with the full-season varieties. Resistant to smut, rust and MDM. Its outstanding hybrid vigor and excellent drought resistance help it turn in consistently high yields even under stress.

## City Students At WTSU To Be Given ROTC Awards

Five Canyon student-members of West Texas State University ROTC program have been awarded special honors by various divisions and cooperating groups of ROTC.

Steven M. Vandiver, senior, received the William E. Lockhart Award from the American Legion, Palo Duro Post 97. Vandiver is an Agriculture-Business Economics major and he lives at 2710 5th Ave.

Michael C. Jones, junior, was chosen to receive the AUSA Award given by AUSA (association of the U.S. Army).

Jones is a campus resident and an Economics major.

Dennis O. Faver, senior, was elected for the Silver Saber Award given by American Legion, Hanson Post 54 and Palo Duro Post 97. Faver, a business major, lives at 2608 2nd Ave.

The Daughters of the American Revolution, Llano Eastacado Chapter presented the DAR Award to Gary V. Nesmith, senior. Nesmith, a Data Processing and Computer Science major, lives at 2604 6th Ave.

Stanley J. Ebeling, senior, is the winner of the AMVETS

Award presented by the AMVETS and the Colonel T. H. McDonald Award, given by Mrs. T. H. McDonald. Ebeling, a Biology major, lives at 2110 7th Ave.

James C. St. John, sophomore, was awarded the VFW Achievement Award by the VFW, Post 5681, a cooperating group of the West Texas State University ROTC program.

St. John, a Business major, is the son of Mr. and Mrs. Charles

St. John, Box 375 Curundu CZ. St. John is a campus resident.

He and other ROTC award-winners will be honored at the Award Ceremony at 1 p.m. May 2 in WTSU's Branding Iron Theatre.

This ceremony is conducted each year to recognize those Military Science cadets who have distinguished themselves in ROTC activities and academic accomplishment during the past school year.

## Program Of Dances And Music Set At Branding Iron Theatre

Alpha Psi Omega, National Honorary Drama Fraternity, will present the Amarillo Repertory Dance Company in a program of varied dances and musical numbers in the Branding Iron Theatre Friday, April 26, at 8 p.m.

Bill Anderson, cast director of Alpha Psi Omega, stated that this is an annual event and that any profits will go to the Alpha Psi Omega Scholarship Fund. The scholarships in drama are awarded on the basis of auditions. Any graduating high school senior is eligible to apply.

Neil Hess, director of the Amarillo Repertory Dance Co. stated

that all proceeds received will go to the dance scholarships.

The admission charge is \$1.50 for adults and \$1 for all students. Tickets will be available at the box office in the foyer of the Fine Arts Building on the WTSU campus.

A number of WTSU students will participate including Doug Stewart and Valerie McCarthy. McCarthy will perform a solo from "Top O' The World."

One of the musical numbers to be presented is Neil Diamond's version of "Ballet of Jonathan Livingston Seagull." By request, "New Orleans" by Larry Palmer will be presented.

During a study in social studies about the age of invention, Mrs. Sandy Smith's fifth grade class turned inventors. Among the inventors and their inventions are, l. to r., Kim Brazile and Donna Wieck who invented "Shake and Dance," Holly Hawthorne who invented a "Solar Energy Cooker," Brenda Abbott, Susan Coleman and Kim Lamm who

invented a "Pocket Drill," Robert Crow and Ricci Barbee who invented an "Automatic Dog Walker," Mark Morgan and Kyle Sims who invented a "Gas Saver," Kristy Griffin and Michelle Cunningham who had a beauty invention and Guyle Corley and Kent Hall who invented a "Pluto Walker."

## Junior High Track Team Wins At Hereford Meet

Canyon Junior High eighth grade track team placed first in

the eighth grade division at the Hereford track meet April 20. The seventh grade placed fifth in their division and the ninth grade was third in their division.

In the seventh grade division, Billy Carney was second in the 880-yard run. Steve Brazile was fifth in the 440-yard dash. Wes Hicks was third in the 100-yard low hurdles. Corey Rackley was fourth in the discus and Carney was second in chinning competition. The 880-yard relay team was fourth in the meet.

In the eighth grade division,

Canyon placed in all but five events. The 440-yard relay team composed of Bobby Scott, David McKay, Bobby Lusk and Bobby Dustman, placed second.

Steve Zanchettin was second and Greg Hinders was fifth in the 880-yard run. McKay won the 60-yard high hurdles.

Lusk was first and Tim May was fourth in the 440-yard dash. Scott was third in the 100-yard dash. Dustman was second in the 100-yard low hurdles. The 880-yard relay team composed of Scott, McKay, Lusk and Dustman placed second.

Scott was first in the long jump and Tab Keener was first in the shot put. In the discus, Monty Harrison was first and Keener was second. Kyle Kendrick was second in the pole vault and Ronnie Rogers and Steve Favreau tied for second in chinning.

In the ninth grade division, the 440-yard relay team composed of Elliott Berry, Joe Luquette, Ronnie Whitney and Ricky Cooper placed third.

Doug Palmer was fourth and David Johnson was fifth in the 880-yard run. Cooper was first, James Adams was fourth and Jonathan Hull was fifth in the 120-yard high hurdles.

Berry was fourth and Kenneth Lake was fifth. Whitney was second in the 100-yard dash. Hull placed first in the 330-yard low hurdles. Cruz Luna was first in the mile run.

The mile relay team composed of Berry, Luquette, Adams and Johnson was second in the relay. Hull was second in the high jump. Berry placed third in the shot put and second in the discus. Terry Houk was third in the pole vault.

## Historical Society Plan Banquet

The fifty-third annual meeting of the Panhandle-Plains Historical Society will be held May 3. At 3 p.m. the board of directors and members of the Society-Hall of Fine Arts of the museum will meet. At 7 p.m. a banquet meeting of the society will be held in the East Dining Hall on WTSU campus.

At the 3 p.m. meeting officers and directors for the coming year will be elected and reports of the various Committee Chairmen will be made.

Dr. Lloyd I. Watkins, President of West Texas State University, will be the speaker for the banquet meeting. He will be introduced by the Honorable Max Sherman, state senator for the thirty-first district.

Also during the banquet, Erwin C. Ochsen, president of the society, will make introduction of the officers for the next year who were elected at the 3 p.m. meeting.

Entertainment for the banquet will be provided by the WTSU String Quartet. The Rev. James Carroll, pastor of the First Presbyterian Church in Amarillo will word the invocation.

During the banquet a special presentation will be made by Lt. Col. John Childs on behalf of the Canyon Chamber of Commerce.

Over 100 reservations for the banquet had been received on Monday. According to C. Boone McClure, director of the museum, they hope to have over 300 reservations for the banquet.

## Anniversary Dance For Group Saturday

St. Ann's Catholic parish members and guests will observe the tenth anniversary with a social dance Saturday evening, April 27, at the Kappa Alpha Lodge hall on Highway 87, north of the city.

The proceeds from the event will be used to pay the final debt on the church building. Playing for the dance from 9 p.m. through 1 a.m. will be the Young Country Sounds.

Admission of \$5 per person will include set-ups and snacks. A number of door prizes will be awarded and various donations have been made for the raffle including gift selections from Shell's Pharmacy, Ideal Food Store of Canyon, Jean's of Canyon, Liberty Package Store in Amarillo, Feferman's in Amarillo, York Tire Company of Amarillo, Taylor and Sons Food of Canyon, and Vince Package Store in Umbarger.

## Eagles Lose Doubleheader In Levelland

Canyon High School Eagles baseball team lost a doubleheader to Levelland last Saturday in Levelland. The Eagles lost the first game 7-1 and the second 8-0.

According to Bob Sloan, Eagle coach, everything went their way. "We just did not make things happen," he stated.

Sloan said that the team looked good both at bat and in the field, but everything the team hit seemed to be aimed right at a Levelland fielder.

Ed Lair and Ronny Hicks were the losing pitchers for Canyon. Sloan said that both threw well but could not get anything going.

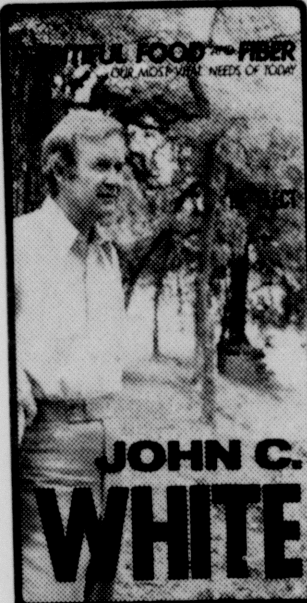

In the first game, Canyon held Levelland 1-0 through the first five innings. In the sixth inning, Levelland broke loose scoring six runs.

In the second game, Levelland scored two runs in the first inning, four runs in the second and two runs in the sixth.

Levelland hit a home run in each game. In the first game Canyon had one run on six hits and Levelland had seven runs on eight hits. In the second game, Canyon got three hits and Levelland had eight runs on seven hits.

The Eagles play again April 30, when they meet Dumas in a doubleheader at 4 p.m. and 6 p.m. The final games of the season come May 4 in a doubleheader against Levelland here.

If the Eagles win all four of their next games they will gain the district crown. If they win three out of the four, they could tie for district.

Happy News

By MARY NEAL HENRY  
THE STATE MID-YEAR meeting of the Texas CowBelles was held this week in San Antonio. Registration began on Monday morning at 9:00 a.m. in the lobby of the Menger Hotel. At ten, two workshops were held. One, planned by Othella McGehee on beef promotion and beef education. Othella was unable to attend the convention and Ruth Sims and Bernice Hamblen conducted this workshop for Othella.

**HAPPY COWBELLES** who attended the convention were local president, Vivian Woods, Billie Pearson, LaNelle Todd, Judy Thompson, Bernice Hamblen, Mary Jane Miller, Ruth Sims, state corresponding secretary, and Mary Neal Henry, state president. Vera and Bill Eubanks also attended. They left on Saturday, a day earlier than the rest of us.

**JAMES BIBLE** WAS the auctioneer for the Happy Jaycees Crusade for Cancer on April 4th. James did a fine job and I knew who I was talking about. It was just that short circuit between my brain and my fingers. (Billie is James' wife's name).

**HELEN BRYAN** PICKED me up on Thursday morning at eight o'clock and we drove to Borge to the dome and the District I Texas Home Demonstration Club Convention. We arrived in plenty of time to register and buy luncheon tickets.

**THE NATIONAL GUARD** presented the American and Texas flags in an impressive ceremony. Four of these gentlemen gave their time to do this drill work for us that morning. Judge Norman Coffee, judge of

Hutchinson County brought greetings. And Judge Coffee was brave enough to remain for the morning program.

**MRS. LOUIS ZARVER-NIK**, Hutchinson County THDA chairman, welcomed the group, and Mrs. Jack Watson responded. Mrs. Watson is the Potter County THDA chairman. Mrs. Charles Warminski, District I THDA chairman, introduced dignitaries and then Mrs. Sue Farris, District I Extension Agent. Mrs. Farris introduced Judge Mary Lou Robinson, the speaker of the morning. Judge Robinson is quite a speaker and one who commands attention. Her topic was "Women's Rights in Our Everchanging Society." The advice I most liked that she gave was, "Make every decision as if you owned the company." That is quite a thought. And she spoke at length on woman's role in this world today. Woman definitely has a special place and it is not necessarily being equal to men. There is a better description, ladies. (My words, from Judge Robinson's wonderful address). Her talk alone was worth the whole day being spent at the convention.

**MRS. CLINTON WRIGHT** of Breckenridge, Tex., a candidate for the THDA president at the state convention in Amarillo this fall, spoke on dangers and opportunities and "Capitalizing on Crises." She took many danger signals and turned them into examples of opportunity, a thought-provoking address.

**MRS. ENNIS CLAYTON** of Hartley County was elected as District I THDA chairman for the next two years.

**LUNCH WAS CATERED** to the dome and we viewed the many arts and craft works that were on display by various counties (26 I think) at the convention.

**AFTERNOON BROUGHT** AN address, "Families of Tomorrow"

row" by Mrs. Florence Low, assistant director of the Home Economics Texas Extension Service. Mrs. Low could remember in 1926 when THDA was organized as a short course at A&M. (I have been in home demonstration for over 20 years and I didn't know that).

**A FAMILY LIFE** workshop was conducted by Mrs. Don Peters of Moore County. The conclusion: that even on the eve of our nation's 200th birthday, we find need of strengthening the family home.

**THE CREDENTIALS COMMITTEE** reported 360 at the convention. Of these, only 52 were voting delegates. Mrs. Charles Warminski announced that she would run for the office of state treasurer and asked that District I back her. It was a unanimous decision to agree to do this and to conduct a coffee to campaign for Mrs. Warminski at the state convention.

**MRS. BETTY CRAIN**, Randall County THDA chairman, Kitty Metcalf, and Mrs. DeBord were the voting delegates of Randall County who attended. Other Randall County members were Maggie Voelm, Susie Conster, Helen Bryan and myself. Oma Lee Lowry and Pearl Burnett of Armstrong County (and neighbors) were also at the convention.

**LINDA AND BOB** McDonald and their Ronnie and David spent the Easter holidays in San Antonio... just "getting away from it all."

**MILDRED CARR** OF Ft. Worth, has been visiting families in Happy; Mr. and Mrs. Bill Eubanks, Vivian Woods and Billie Pearson.

**PHIL BRADLEY** SPENT the week end in Happy while Melvin is in Waco at an insurance school. Melvin is enjoying his work and has been quite a success so far.

**THE GRAND OFFICERS** of District One, Section Three, held a tea honoring their grand officers in Canyon on Sunday afternoon. Several from Happy attended.

**RUTH AND ALDEN** Mann held a family Easter dinner on Easter Sunday. They entertained Betty and Bob Whelchel and their Bob Ann, Greg, and Jeffrey from Silverton; Phyllis and Dick Ratjen and their Pam Tatum; Dora Ratjen; and calling during the afternoon were relatives, Levon Kirk and Tim and Mike from Friona and Shirley Hagood and Dub and Shirley Scarborough of Petersburg. Mayor Foster Harman also called during the afternoon to seek permission to take a picture of the Easter Bunnies that were all over Ruth's and Alden's yard.

**HAPPY CHAPTER #562**, Order of the Eastern Star held their annual election of officers on Tuesday evening of last week. Elected to serve for the coming year were these officers: Worthy Matron, Ruth Sims; Worthy Patron, Eugene Sims; Associate Matron, Catherine Miller; Associate Patron, Alden Mann; secretary, Gladys Haley; treasurer, W.T. Robinson; conductress,

Gracie Lee Tiley; associate conductress, Willa Jane Elliott McManigal. These officers and others will be installed in June at an open installation ceremony.

**RUTH SIMS, RUTH** Mann and Gladys Haley visited the Plainview OES chapter recently for their Friendship Night. Lola Bowe, Catherine Miller, and Ruth Sims traveled to Amarillo to visit Bonita chapter. Willa Jane McManigal gave a good report of the Rainbow Church Service, a Sunday chosen to honor the girls on their anniversary of Rainbow. Twenty-one girls and 16 adults, associated with the Rainbow Assembly, attended the Wayside Community Church. Wayside fed the group in the church basement. They reported

enough food to have fed another group of equal size and royal treatment.

**ICE CREAM AND** cake were served the OES members at election by the men present, W.T. Robinson, Alden Mann and Sam Williams. Fay Hand joined us for refreshments.

**THE HAPPY BAND** gave a concert for the public on Friday evening in the Vivian Wesley Auditorium.

**ANGELIQUE HENRY** SPENT Friday night with Kim Foster and returned home after Little Dribblers practice on Saturday afternoon.

**KELLY FOSTER SPENT**

Friday night with Clay Simons.

**RALPH QUINN (ROWDY)** Bryan, son of Mr. and Mrs. Carl Bryan has the chicken pox.

**KEN HENRY WON** first place in the bareback riding in the Weatherford NIRA Rodeo last week end.

**CATHEY PARKER, DAUGHTER** of Mr. and Mrs. Foster Parker and granddaughter of Mrs. J.O. Parker and Mrs. Oma Lee Lowry, was recently elected the secretary-treasurer of the District II 4-H Council. This district is comprised of 20 counties.

**KERI JOHNSON AND Ann**

Smith won the prize for finding the most eggs Easter Sunday at the annual Jaycee Easter Egg Hunt in Stephenson Park. That park and all its new equipment are the talk of the younger set.

**OMA HAYES STAYED** with my family and took care of them while I was in San Antonio. Thanks, MOM!

**RESERVATIONS FOR YOUR \$3 lunch** were to be in

Tuesday, April 23rd (maybe you can still get reservations if you'll hurry), for the cancer program planned by the Panhandle Economics Program on May 1st in Amarillo. An excellent program and speakers have been planned and have taken their time to donate to you. This would be a day well spent. Becky Hall can probably tell you if arrangements can still be made to attend.

See ya!  
Mary Neal

GIRL SCOUT TROOP 54 had a special refreshment cake at their regular meeting Monday afternoon as the group made plans with scout leaders, Mrs. Ronnie Waide, left, and Mrs. Ed C. Harrell for a spring overnight

campout to be held at the Harrell Ranch, east of the city, April 26-27. Funds for the campout were raised by the junior scouts through their troop portion of the recent Girl Scout cookie sale campaign.

### Spring Flowers Installation Theme For Porcelain Art Club

"Spring Flowers" was the theme for the installation of officers of the Palo Duro Porcelain Art Club of Canyon which was conducted at the regular monthly meeting Friday, April 19, in the Community Center.

Mrs. Emzy May, outgoing president, was in charge of the

### Musicale Sunday Features Locals In Public Show

The fourth presentation of Soiree Musicale sponsored by the Alliance-Francaise of Amarillo-Canyon will be presented Sunday, April 28, at 8 p.m. in the concert hall of Amarillo College.

Presented on the musical program will be several graduates, instructors and students of West Texas State University along with the chamber singers of Canyon High School, under the direction of Tom Jennings.

Featured soprano will be Judith Balo, a 1969 graduate of WTSU with the BME degree in voice, who will be accompanied at the piano by Raenell McDonough, also a WT graduate.

The non-profit group has a local membership of about 75 and has as its president, Mrs. Monica Heiman, French professor at WTSU. The educational organization annually presents student scholarships for students of both West Texas State University and Amarillo College along with sponsoring French movies, lectures on French cooking and various other projects.

Others slated to perform include Robert Hoffman, piano; Donald Todd, violin; Janice Schmutzer, piano; Michael Matesky, cello; Nancy Matesky, piano; Riana Muller, violin; Robert Krause, oboe; and Alan Hawkins, bassoon.

The program will be open to the public.

### National Prexy To Visit Group

Mrs. L. R. Bowker, national president of Chi Omega sorority, will arrive Friday afternoon for a planned visit with active and alumnae members in the Canyon-Amarillo area.

Mrs. Bowker is from Little Rock, Ark. and represents the National Offices of Chi Omega in Cincinnati, Ohio. Following her visit here she will travel to Texas Technological University in Lubbock to visit chapters there Sunday.

Friday afternoon, Mrs. Bowker will visit with the Dean of Women and Assistants at the university.

She will spend a good portion of Friday afternoon visiting in the chapter rooms of Chi Omega sorority at Shirley Hall on campus and will be entertained by the alumnae advisors at dinner that evening.

An informal brunch will be held Saturday with Mrs. T. L. Cabbage, 3531 Bremond, Amarillo, as hostess.

She will serve as guest speaker for the Founder's Day Dinner for alumnae and active Chi Omega members to be held at the Amarillo Club.

"Our Panhandle economy is based on agriculture. I want to work to solve our critical water problems."

## JACK HIGHTOWER

Your Congressman is your closest link to the federal government, which for better or for worse has a lot to say about the condition of the economy, farm prices, the way our schools are run, and certainly the taxes on our earnings. Your Congressman is your voice in political affairs—so he ought to have an effective voice.

JACK HIGHTOWER has a distinguished career in the law, in education and in public service. He was selected an outstanding District Attorney of Texas. His colleagues elected him president of the State Senate. He has served on the boards of both Baylor and Midwestern Universities.

JACK HIGHTOWER was born and raised in Hall County near the farm homesteaded by his grandfather 84 years ago. He has lived all his life in this part of Texas. He offers positive, knowledgeable, dedicated leadership in these times of crisis in America. He will be an effective Congressman.

### Spring Banquet Slated Tonight For GSS Group

Chef Luis Restaurant in Amarillo will be the scene of the spring banquet for Delta Beta Chapter of Gamma Sigma Sigma National Service Sorority of West Texas State University tonight at 7 p.m.

The banquet will follow pledge initiation and chapter officer installations to be held at Joseph A. Hill Chapel on the campus.

Among awards to be presented at the banquet will be the "best pledge" and "best member" awards and special guests will be Allene Stovall and Sandra Meek, chapter advisors, and Mrs. Shirley Harrold, Delta Beta regional aide.

The national service sorority is open to all women in good standing with their colleges. During the past semester the local chapter has participated in several projects including working with the Girl Scouts and Blue Birds, helping with the March of Dimes Walk-a-Thon, helping with the Multiple Sclerosis Bowling Tournament, working with the Amarillo Children's Home, helping with polls at the WTSU student elections, aiding with the Boy Scout track meet, and working with the Cancer Swim-a-Thon held at the Activities Center on campus.

RANDALL COUNTY HOME DEMONSTRATION Council officers elected to serve for the 1974-75 term include, Mrs. Clarence Howard, chairman, seated; and from left, standing, Mrs. J.G. Voelm, secretary; Mrs. Carl Bryan, vice chairman; and Mrs. Max Bosley, treasurer.

### Randall HD Council Officers Host Meet

The new officers of the Randall County Home Demonstration Club Council were hostesses for the council's regular meeting Monday afternoon at the Farm Bureau Building in Canyon.

Mrs. Clarence Howard, chairman, presided over the meeting and recreation chairman, Mrs. Ken Danner, discussed the upcoming "tasting tea" to be held at the Community Center on May 16 following the theme "Home Our Light." The public is invited to attend the tea and tickets will be \$1.25. Funds received will go to further educational purposes of 4-H clubwork and leaders training. The event will be conducted between 11 a.m. and 1 p.m.

Randall County Home Demonstration Agent, Becky Hall, advised the council of the May 1 cancer program to be conducted at the Hilton Inn in Amarillo.

Fifteen council members were present for the regular monthly meeting and a final item of business was the announcement that an Appliance Parade will be held May 2 at Western Plaza. The Appliance Parade will be a repeating program sponsored by Potter County and all local club members are invited and urged to attend. Sessions will be in three segments including 9-11 a.m.; 1-3:30 p.m.; and 6-8:30 p.m.

BETSY GRILLO, incoming president of Faculty Wives, Etc., center, presents Lucy LaBrie (second from left) with a crystal bowl in appreciation for service as the 1973-74 president at a coffee April 20 in the United Methodist Center on campus. Other new officers include Mrs. Lou Ann Workman, second vice president, far left, Margaret Kelso, treasurer, second from right, and Mae Coffee, first vice president, right. Not pictured was Betty Winter, secretary.

### FTA To Observe Local Classes

Members of the Future Teachers of America club at Canyon High School will be visiting classes at Canyon Junior High and Rex Reeves Elementary School on April 24.

The students will spend all day with the teacher of their choosing. They will observe the class and the teachers presentation of lesson material.

Students participating in the day were chosen according to regular attendance at FTA meetings. Student must also keep their grades above passing and have no major disciplinary action taken against them during the year.

Students in FTA who will be observing classes are Anna Bland Thompson, Tracie Erwin, Royce Holladay, Robbie Warbison, Susan Cox, Judy McBroom, Stephanie Dawdy, Carla Swartzell, Don Stribling and Becky Basinger.

Because of extra-curricular activities, Grover Brillhart, David Finke, Sheryl Sommer and De Ann Holmes will observe classrooms on another day yet to be announced.

FTA members will also be assisting in registration for next year's kindergarten to be held May 8 at Rex Reeves Elementary School. Those helping are Stribling, Sommer, Janet Lasher, Derrel Lewis, Finke and Holladay.

Members of FTA will also be serving at the Classroom Teachers Banquet May 7.

### Secretary-Boss Banquet Tonite

A banquet will be held tonight, Thursday, at 7:30 p.m. at the Buffalo Room of the East Dining Hall on the campus of West Texas State University to announce the "Boss of the Year" and "Secretary of the Year."

Sponsored by the Tierra Blanca Chapter of the National Secretaries Association (International), the banquet will include as guests many local bosses and their wives as special guests for the evening.

The banquet will be held in conjunction with the Hereford chapter of the National Secretaries Association. Members of the Hereford chapter and their guests will also attend and numerous awards will be given in that chapter also.

Certificates will be presented to the honored "boss" and "secretary" at the banquet program.

The local secretary chapter is taking part in the national observance of Secretaries Week this week. On Wednesday the secretaries observed Secretaries Day with a luncheon at the Episcopal Student Center.

Throughout the week, the chapter has named individual secretaries as honoree for the day and sent roses in their honor to their various offices. Monday's secretary honor went to Phyllis Custer, secretary to the Department of English at West Texas State University. Receiving the honor as Wednesday's recipient of the rose was Jerri

Holbert, secretary for Consumer's Fuel Association in Canyon. The third "Secretary of the Day" will be presented with her rose on Friday.

Group attendance at the morning worship services of the First United Methodist Church in Canyon began the week's observance for the group.

### WT Tracksters Compete Friday

West Texas State's track team competes Friday evening in the Wayland Baptist College Invitational in Plainview.

The Buffaloes captured their own invitational last week, scoring 108½ points to 52½ for second place Wayland Baptist. Texas Tech was third with 35 points, but the Red Raiders had entered their quarter-milers, half-milers and milers in the Kansas Relays.

The Buffaloes will face both Wayland Baptist College and Texas Tech Friday in the meet, which starts with preliminaries at 4 p.m. Other teams entered are Lubbock Christian College, New Mexico Western, McMurry and Dallas Baptist.

Coach Bob Kitchens' Buffaloes compete April 30 in a dual with the North Texas State Eagles in Denton before breaking for the finals. They return after final exams to run in the Missouri Valley Conference meet at Denton.

Quincy Boyce, Robert Glenn, Tom Nix and Tim Henderson became inventors this month during their study of the age of invention in social studies in Mrs. Sandy Smith's fifth grade class. The four invented a roto washer and dryer. A motor taken from an old toy helicopter was used to get the rotary effect. The motor is powered by batteries.

### Year's Best Released By Track Coach

Ron Mills, track coach at Canyon High School, released Tuesday the year's best performances by Eagle thin clads for 1974. This year's team won the Perryton Relays and placed second in district competition.

Two school and district records were set this year. Senior Scott Wilson, who will compete this weekend in state qualifiers competition in Lubbock, set a school and district pole vault record with a 13 feet 8 inch vault.

Gary Bednorz, also a senior, set a school and district record in the high jump with a 6 feet 5 inch leap.

Senior Bob Counsellor, who had a 167 feet throw in the discus as a junior, could only manage a 145 feet six inch throw this year because of an injury.

Also in pole vault competition, Garre LaGrone vaulted 13 feet 6 inches to set a new junior record. Craig Johnson set a new sophomore record in the vault at the 13 feet mark.

Wilson's year's best in the high jump was 5 feet 10 inches.

In the long jump, Wayne Pitt, senior student, has a year's best of 20 feet 10 inches. He is followed by Adrian Foil, junior thin cladman, with 20 feet 6 inches.

Junior Kelly Forehand has the best mark in the shot put with a 46 feet 7 inch put. Sophomore Collin Weaver followed with a 44 feet 3 inch throw.

Rusty Holliday, a junior, threw the discus 141 feet 7 inches. Wayne Robinson, a sophomore, had a 133 feet throw.

In the 120 yard high hurdles, Stan Prichard, a sophomore, holds the year's best time with 15.7 seconds. One tenth of a second separates Prichard and junior Russell Killingsworth in the hurdles. Killingsworth has a year's best of 15.8.

The 440 yard relay team composed of Johnson, David Anderson, Kevin Raef and Lyndon Brazile has a year's best time of 43.9 seconds.

Ron Mills, the coach's son and a sophomore at Canyon High, has the season's best in the 880 yard run with a time of 2:06. Phillip Halsted, also a sophomore, followed Mills with a member's home.

Awards to be bestowed will be the "girl of the year," "pledge of the year" and "husband of the year" for each of the three local chapters.

Best time for the year in the 440 yard dash is held by Brazile with 51.8 seconds. Halsted has a year's best time of 52.9.

In the 330 yard high hurdles, Prichard has a time of 42.9 and Killingsworth has a 43.2 season's best.

Anderson and Raef are separated by .4 seconds in the 220 yard dash. Anderson has the best time with 22.3 seconds.

The year's best time in the mile run is held by sophomore Craig Lawless with a time of 4:49.1. Paul Griffin, a senior, is next with a season's best of 4:51.3.

### BSP Chapters Plan Banquet

Founder's Day banquet for the three Beta Sigma Phi sorority chapters here will be held jointly Saturday evening at Sutphen's in Amarillo beginning about 7:30 p.m. with representative members from all three chapters expected to attend.

Chi Upsilon, Alpha Theta Delta and Xi Kappa Zeta chapters of the sorority will participate in the joint event and their husbands will be guests for the evening. A social will be conducted after the banquet meal at a member's home.

### Buff Workouts End On Friday

West Texas State University's Buffaloes close their football spring training with a 7:30 p.m. final game Friday in Frank Kimbrough Memorial Stadium.

The Buffaloes of Coach Gene Mayfield have changed both their offense and defense this spring. The results of those changes were best seen in Friday night's scrimmage at Borger.

In that scrimmage game the Maroon first team offense and defense dominated the White, or second team, 37-0.

The Maroon offense, using the Wishbone-T and a wingback, rolled up 267 yards rushing and 111 passing during the regulation time game. The Maroon defense limited the White offense to 90 total yards, both rushing and passing.

The defense has been changed from a five-man front line with two linebackers to a four-man front with three linebackers.

Admission to Friday's scrimmage game will be \$1 for adults and 50 cents for students. WTSU students will be admitted free with their identification cards.

Chorus Offering Program Saturday

Oklahoma Christian College Chorus will present a concert Saturday evening at 7:30 p.m. in the Central Church of Christ at Canyon.

Open to all interested persons, the 46-member chorus will be directed by Ken Adams. The chorus group will spend the evening with local families from the Central Church of Christ congregation.

The OCC chorus group will be traveling from their campus on the north side of Oklahoma City, Okla.

Following the choral program, the OCC chorus and local junior high, high school and college students will convene at the Bible Chair Building on the campus of West Texas State University at 8:30 p.m. for a supper, fellowship and get-acquainted session.

### First Place Honors Won At Regional

Three first place honors were won by Canyon High School students at the regional University Interscholastic League contest held in Odessa last weekend.

In literary events, John Watkins placed first in persuasive speaking and Jana Burton was first in shorthand competition.

In track and field events held the same day, Scott Wilson was first in the pole vault with a 13 feet 6 inch vault.

The three first place winners will compete in the state meet which will be held May 3 and 4.

Others placing in literary events were Maureen Gidden, fourth in shorthand, Carla Dwyer, third in ready writing, and Dan McClassey, third in science.

In track events, Adrian Foil was fourth in the broad jump. Gary Bednorz placed fifth in the high jump. Kevin Raef was sixth in the 220 yard dash. David Anderson was fifth in the 220 dash and sixth in the 100 yard dash. Bob Counsellor was sixth in the discus throw.

Degree Candidate Is Troy Reaves

A West Texas State University graduate and son-in-law of a Canyon family has recently published a paper in the American Journal of Physiology. Troy Albert Reaves Jr., whose wife, Kay, is daughter of Mr. and Mrs. Conway Kuykendall of Canyon, is currently a candidate for the Ph.D. degree from the University of Illinois. His paper concerns "Interstitial Fluid Pressure and Vasomotor Responses in Bats." Reaves will join the staff of the University of Florida this summer as a research associate in the zoology department.

### Christian Assembly Involves Local Folk At Lubbock

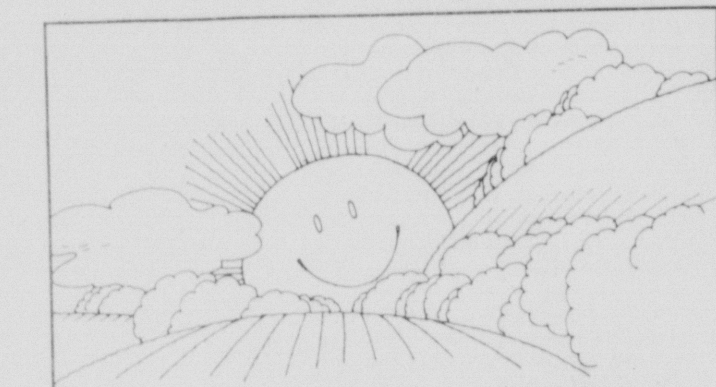

Youths and representatives of the First Christian Church of Canyon will participate in the program of the Hi-Plains Area Assembly of Christian Churches Friday and Saturday in Lubbock.

Keynote speaker for the conference will be Dr. James T. Cleland, dean of the Chapel at Duke University in Durham, N.C. He will bring three main Bible studies on the general theme "Ancient Truths... New Humanity."

Among other activities at the assembly meeting, Rev. Terry White, pastor of the First Christian Church of Canyon, will be keynote speaker for the youth section involving both C.Y.F. and Chi Rho sections.

Also making a two-screen multi-media presentation entitled "Reconciliation: My Kind of Love" will be youths of the First Christian Church here. Their program will be given Saturday morning and involves locals including Tim Martin, Mike Johnson, Steve and Leslie Baird, Becky Boston, Sue Stockard, and Meredith Hadley with Mr. and Mrs. Joe Smith as participating adults.

Representing the local church at the Friday-Saturday assembly activities also will be Mr. and Mrs. Marion Higdon and Mrs. Winn Matsler.

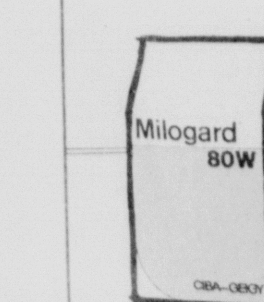

## Milogard® starts early.

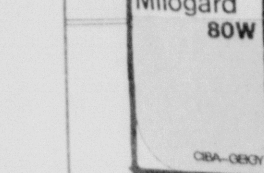

You put Milogard herbicide on early, get some moisture, and you start your weed control in sorghum as soon as the germinating weeds put out roots.

And what you end up with is some mighty clean sorghum. Because Milogard controls a broad range of annual broadleaf weeds and grasses.

Milogard. Early weed control. A better crop of sorghum. Call us for some.

### Junior High District Qualifiers Named By Coaches

Qualifiers for the junior high district track meet April 26 have been named at Canyon Junior High School.

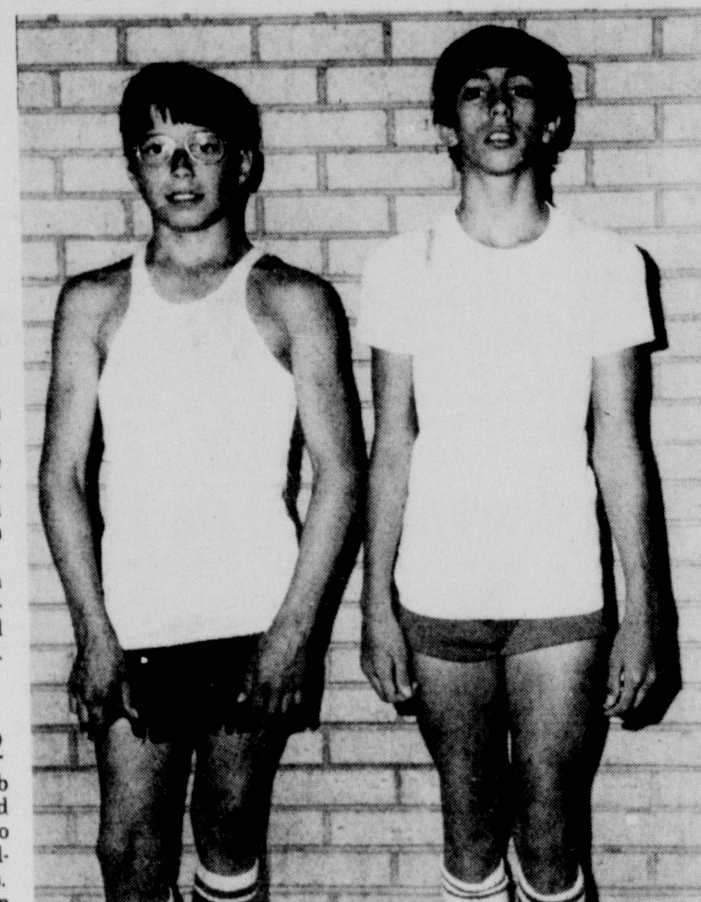

In the seventh grade, Billy Carney will compete in the 880-yard run and in chinning. Wes Hicks qualified for the 100-yard low hurdles.

The eighth grade 440-yard relay team will be composed of Bobby Scott, David McKay, Bobby Lusk and Bobby Dustman. These same four will also make up the 880-yard relay team. Scott will also compete in the 100-yard dash and the broad jump. McKay will compete in the 60-yard high hurdles, Lusk in the 440-yard dash and Dustman in the 100-yard low hurdles.

Also competing in eighth grade contests will be Kyle Kendrick, pole vault, Tab Keener in the shot put and discus, Monty Harrison in discus, Ronnie Rogers and Steve Favreau in chinning, and Steve Zanchettin in the 880-yard run.

The ninth grade 440-yard relay team will be composed of Elliott Berry, Joe Luquette, Ronnie Whitney and Ricky Cooper. Berry, Luquette, James Adams and David Johnson make up the mile relay team. Berry will also be competing in the shot put and discus. Luquette will enter the 220-yard dash, Whitney will enter the 100-yard dash and Cooper will enter the 120-yard high hurdles.

Jonathan Hull will compete in the 330-yard low hurdles and the high jump. Cruz Luna will compete in the mile and Terry Houk will compete in the pole vault.

Qualifiers from the seventh grade at Canyon Junior High School for the junior high district track meet to be held April 26, are Billy Carney and Wes Hicks. Carney will compete in the 880 yard run and in chinning. Hicks will compete in the 100 yard low hurdles.

### Two Represent County At State 4-H Event

Linda Ramaekers and Marianne Wieck will represent Randall County at the 4-H Roundup June 6-7 on the campus of Texas A&M University in College Station.

Miss Ramaekers and Miss Wieck were second place winners in the 4-H Share-The-Fun division at the District I 4-H Elimination contests held Saturday on the campus of West Texas State University. High Plains 4-Hers from 19 of the 22 counties in District I of the Texas Agricultural Extension Services participated in the district contests Saturday with about 575 students involved.

Both local winners qualifying for the state event are from Umbarger. Linda is the 14-year-old daughter of Mr. and Mrs. Vince Ramaekers of Umbarger and Marianne, also 14, is the daughter of Mr. and Mrs. Ed Wieck of Umbarger.

Other Randall County 4-H students placing in the top four were the Umbarger 4-H Club junior rifle team which received third place and the 4th place win in junior money management educational activity for Allison Clifford, 13-year-old daughter of Mr. and Mrs. Earle Clifford, II, of Amarillo.

The junior rifle team which won third place had the following members, Larry Hartman, 13, son of Mr. and Mrs. Bernard Hartman; Ted Suthers, 12, son of Mr. and Mrs. Milt Suthers; Floyd Hartman, 13, son of Mr. and Mrs. Carl Hartman; and Troy Adams, 10, son of Mr. and Mrs. Darroll Adams.

SHARE-THE-FUN winners who will represent Randall County at the 4-H State Roundup June 6-7 on the campus of Texas A&M University in College Station are Linda Ramaekers, left, and Marianne Wieck, both of Umbarger, who won the distinction to represent the county at the recent District I 4-H elimination contests held at West Texas State University.

Dan Schaeffer

### Youth Rally Is Saturday

Dan Schaeffer, pastor of Valley View Baptist Church of Olton, will be the guest speaker for a Youth Rally and Celebration to be held Saturday evening at the Youth Activities Building of First Baptist Church in Canyon, 17th Street and 3rd Ave.

The program will begin at 7:30 p.m. and is open to all interested youth from grades seven through college.

Also included on the program will be several skit groups from the Baptist Student Union at West Texas State University, along with musical groups and refreshments.

Schaeffer, 26, is a former WTSU student who majored in music. He is married with two children and served churches in Texas and Okinawa prior to joining the congregation at Olton. He was originally from Amarillo and is a Vietnam veteran.

### DZs Honor Senior Actives With Meal

The annual salad supper for senior actives of Delta Zeta sorority was held Monday evening at the home of Mrs. Larry Cook.

Assisting Mrs. Cook with hostess duties were alumnae members of the sorority.

Carol Olson was named as "outstanding senior" by the group. Other senior actives attending were Amy Dozier, Ann Whitfield, Gay Miller, DeAnn Schad Chapman, Patti Short Kilpatrick, and Beverly Darby.

Special guest was Mary Margaret Fore, province alumnae director of the Delta Zeta sorority.

## COMPLETE LINE OF ORTHO PRODUCTS IN OUR GARDEN SHOP

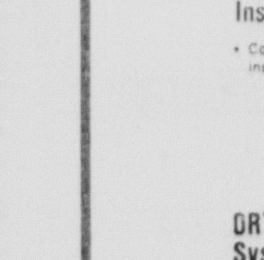

### ISOTOX Insect Spray

- Multi-purpose garden insecticide. Kills almost all insects on roses, flowers, trees, shrubs, around dwellings, etc.
- Economical concentrate—kills fast and continues to kill for 2 to 3 weeks.
- May be combined with ORTHO PHAL-TAN Rose & Garden Fungicide for all-purpose insect and disease control.

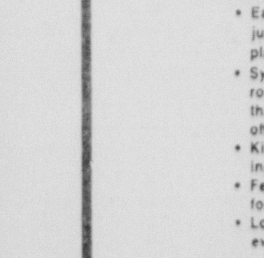

### ORTHO UP-START 5-15-5

- A balanced liquid fertilizer with plant hormones designed to get all plants off to a fast healthy start.
- Hormone stimulates massive root growth of ornamentals, shade trees, fruit trees and all plants.
- Easily applied with sprinkling can or lawn sprayer.

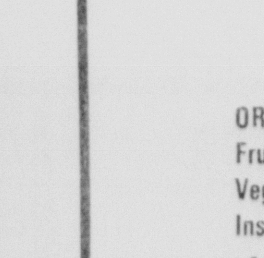

### ORTHO Malathion 50 Insect Spray

- Excellent multi-purpose insecticide controls wide range of insects on fruit trees, vegetables, ornamentals.
- Use as insecticide for household pests—ants, roaches, flies, mosquitoes. Fleas on dogs and cats.
- Also used to control certain livestock and poultry pests.

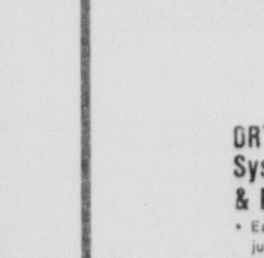

### ORTHO Liquid SEVIN

- Controls Japanese beetles, gypsy moth larvae, bagworms plus many other insects.
- Easy to measure—mixes readily with water.
- Does not leave an objectionable residue on plant foliage and flowers.

### ORTHO Fruit & Vegetable Insect Control

- Controls most fruit tree and vegetable insects.

### ORTHO Systemic Rose & Flower Care

- Easy to use, no mixing, just spread around plant and water in.
- Systemic insecticide is taken up by roots and moves to all parts of plant through sap stream. Rain will not wash off.
- Kills sucking insects and certain chewing insects.
- Fertilizes with special rose and flower formula.
- Long-lasting—six weeks protection—even protects new growth.

In these group projects, first place went to "The Center of Christ's Ministry" and those who worked on this project were Jim Friemel, Gerald Wilhelm and Harold Artho. The second place in the groups went to "Abraham's World" and the winners on this were Monica Friemel, Jackie Skarke and Jay Friemel. The third place winner in the group projects, "City of Jerusalem," was prepared by Brenda Batenhorst, Marianne Wiecek, Linda Ramaekers and Gloria Roma.

**THE NINTH AND** tenth grades made a banner as a class project and this won honorable mention. Individual winners in the ninth and tenth grades were first place, Vicki Gerber, second place, Sharon Ramaekers and third place, Shirley Lindemann.

**THE WINNERS** in the eleventh and twelfth grade classes were Dianna Adams, first place, and Donna Hartman, second place.

**THE OUTSTANDING** OF the art show went to Marianne Wiecek, who did a free hand drawing of the Crucifixion.

Cadet Cannon Honored At West Point

West Point Cadet Michael W. Cannon has been named to the superintendent's list at the United States Military Academy in West Point, N.Y.

Cadet Cannon, 20, is the son of Army Lieutenant Colonel and Mrs. Thomas M. Cannon, Jr. who live at 1208 Creekmore, Canyon.

He is a member of the Academy's class of 1975 and was honored in recognition of academic and military excellence. The award is given to cadets in the upper 30 per cent of their classes on an academic basis.

Second Trousers Session Friday

The second session in the course of instructions on knit fabrics and assembly of men's trousers being sponsored by the Randall County Home Demonstration Council will be held Friday at 9:30 a.m. and 1:15 p.m.

Joyce Johnson of the Amarillo Stretch 'n Sew Center in Amarillo is instructor for the course.

A special session on men's sport coats will be held in May for a fee of \$12. Helen Lemons will serve as instructor for the sport coat meetings May 3, 10, 17 and 24. Prior registration is required for those taking part in the course and may be made by calling 355-8179.

High School Choirs To Sing At Festival

Three choirs from Canyon High School will be participating in the Southwest Music Festival Friday, April 26 in Amarillo. The local school will also have 21 solos and 2 ensembles participating that day.

The Boys Choir will sing "Old Man Noah" by Shaw, "The Pasture" by Randall Thompson and "Charlotte Town" by Bryan.

The Girls Choir will sing "Come at Dawn" by Butler, "Moon Song" by Butler and "Dancing Song" by Kodaly.

The Chorale will sing "Let Us Sing Unto the Lord" by Moyer, "Three Quatrains" by Bright and "Ronde" by Ravel.

News Brief

West Texas State University education professor, Wilma Jo Bush, was the keynote speaker for the Virginia Association on Learning Disabilities annual state convention Saturday.

**THE JUDGES** FOR the show were Marie Kershen and Joy Davis from Canyon and Sister Wendelina, who teaches in Hereford. Mrs. Marion Hicks was over-all chairman of the show and co-chairmen were Snooke and Odessa Lindemann.

**THE LADIES WHO** served refreshments were Mesdames Ed Grabber, chairman, John Grabber and Carl Hartman. We would like to congratulate these people who worked on these projects, also the teachers and the parents who encouraged them in their efforts. Our art show improves each year. \*\*\*

**JOHN AND EDNA** Wiecek are chairmen of the cancer drive for the Umbarger community again this year. You may give your contribution to either of them or you may leave yours at the Umbarger Grocery. The Wieceks will appreciate your helping in this most worthy cause. \*\*\*

**HENRY SKYPALA**, ALICE Koch and Mr. and Mrs. Ted Irlbeck were Sunday dinner guests of Henry and Evelyn Levens at St. Francis. The Irlbecks' little granddaughter, Jean Levens, made her First Holy Communion on Sunday

and the dinner was in her honor. Her paternal grandparents, John and Theresa Levens were also present. \*\*\*

**VINCENT AND ROSE** Mary Ramaekers and family spent part of their Easter vacation visiting relatives in Colorado Springs, Colo. They visited Rose Mary's sister and family, the Leroy Hoeltings and her brother, Tommy Conrad. They also enjoyed some skiing. On their last ski run, before they left for home, Linda broke her ankle as she stepped off of the ski lift. Better luck next time, Linda and we hope to see you off those crutches soon. \*\*\*

**SHIRLEY LINDEMANN**, WADE Wilhelm, Kevin Raef, Elbert Ljekhus and Jeff Stocker represented the local C.Y.O. at the Catholic Youth Council meeting, held at St. Laurences, in Amarillo last Sunday. Plans were made for a picnic, to be held in Palo Duro State Park on June 2. This will be for all C.Y.O.'s in the Catholic Youth Council.

**THE GUEST SPEAKER** for the Potter-Randall county Farmer's Union dinner-dance was Dr. Charles Smallwood, who

is from the agriculture department at West Texas State University. He spoke of the programs available at West Texas on farming and agribusiness. A time was had by all. \*\*\*

**DON'T FORGET THE** C.Y.O. sponsored carnival, this coming Sunday, April 28, in the parish hall. There will be games, a bean guess, door prize, a raffle and refreshments. The hours are from two to five. Let's all come out and help our C.Y.O. members have a successful afternoon. \*\*\*

**WE WERE SUPPER** guests of Don and Gracie Raef on Monday night. The occasion was the sixth birthday of our grandson, Scott. Other guests for the evening were Floyd and Loretta Ferguson and children, of Amarillo. \*\*\*

**MRS. TECKLA BRUGGE-**MAN is visiting with her sister, Mrs. W. P. Janssen and Mr. Janssen. Mrs. Bruggeman is from Dyersville, Iowa. She has been here for two weeks and plans to be here for another two weeks. \*\*\*

**IF YOU HAVE** news for me, please give me a call at 499-2164.

Palisades Palaver

Country Fair Funfest Held

By MILDRED TURNER  
**ON SATURDAY, APRIL 20**, we had our much talked about "Country Fair." The day dawned beautifully and many, many people were up and out early preparing and getting set up.

**SEVERAL COUPLES** WERE doing what they could on Friday but it was a blustery day of wind, rain and whatever but did not seem to get anyone down. They went on preparing, the Flemings put up the swing set (they plan to add another one soon), the Edwards put up what we called the "Cook Shack" and we got some tents erected so Mr. Scott and some of the boys spent the night. I will not call names because there were quite a few and would probably leave out some.

**AS PEOPLE BEGAN** to arrive and get set up, some made lemonade, some unloaded and set ware tables. The women brought cakes, potato salad, gallons of pickles, huge pots of beans, corn bread fresh onions, huge pots of coffee, and the young people put on some good lively records, put up signs on the different departments. There was the Cook Shack, the Pop Center and music department which the young people ran, there was clothing, furniture, tools, antiques, white elephants, miscellaneous.

**THE GARDEN AND** art craft center featured hanging planters (the macrame donated by ladies) with beautiful plants, all sorts of art, native trees, cactus, zinnia seeds, etc., etc.

**WE ALL ENJOYED** the live entertainment at 2, 4, and about 7 p.m. An exciting time was the cake walk at 4 p.m. which lasted until time for the next program. I guess our busiest time was early as the city people came, all the sales people were rushed for about an hour and a half there.

**AFTER THAT NOTHING** lagged but a lot going on all day long until about 10:30 p.m. The wind got up for a short time but everyone ignored it.

**WE DID NOT** have time for horse shoes or "42" although we did have a dart board which was free. There was a large tent where you could get your fortune told by some young gypsies. Every department did real well.

**THE COUNTRY FAIR** was a great success. The reason it did well and was a success was because you did your part, everyone worked together, there was excitement and enthusiasm among all the people.

**I CANNOT CALL** names because they are many, but as chairman of the Country Fair I wish to thank each one for their support, cooperation, the hard team work, the community spirit

of love and neighborly togetherness during this event. The amount of money made will be posted on the bulletin and it was good. Let's do it again next year! O.K. \*\*\*

**GREG STRECKER** IS home from the service and I will talk to him one of these days to see what his future plans are. Welcome home, Greg. \*\*\*

**LAST SUNDAY** WE had a tragic thing happen to one of our little ones out on the Palisades hill as she was riding her bike with friends, she had an accident which put her in the hospital with a fractured skull. She is the young daughter of Mrs. Cannon, Susan. She did a great part in the entertainment the day before and I felt like crying when I heard the news as she and the Walker twins were by here just a short time before.

**ALSO ON MONDAY** evening late Kathy Webb and Jeanne McDonald had an accident on the mini bike hitting a rock in the

road. Kathy was skinned up a little but Jeanne had a trip to the hospital where she received fourteen stitches. Along with all the skinned and bruised places I know this was painful. We pray for these three children to have a speedy recovery and especially for all our little and young people to be very, very careful. Let us drive carefully and set an example before them. \*\*\*

**REMEMBER WE GET** the bridge fixed on April 27 so need lots of help. \*\*\*

**WE RECEIVED** A notice of a "Festival of New Life" to be at the Civic Center Coliseum on April 28 at 2:30. It reads like:

**WE CALL AMARILLO**, its people, its families, its churches, its industry and commerce to give thanks to God and to celebrate our New Life. Mayor Ray Vahue, the City Commission. See you there, it is going to be good. \*\*\*

**SEE YOU NEXT** week. M.T. 622-0701

Moving a BILLION of anything is a big job

A new Santa Fe record:  
**Moving a BILLION bushels of grain**  
in 20 months

Big moves are not unusual on the Santa Fe. Citrus, potash, coal, sulphur and various manufactured products move by the trainloads. But grain tops them all, especially wheat.

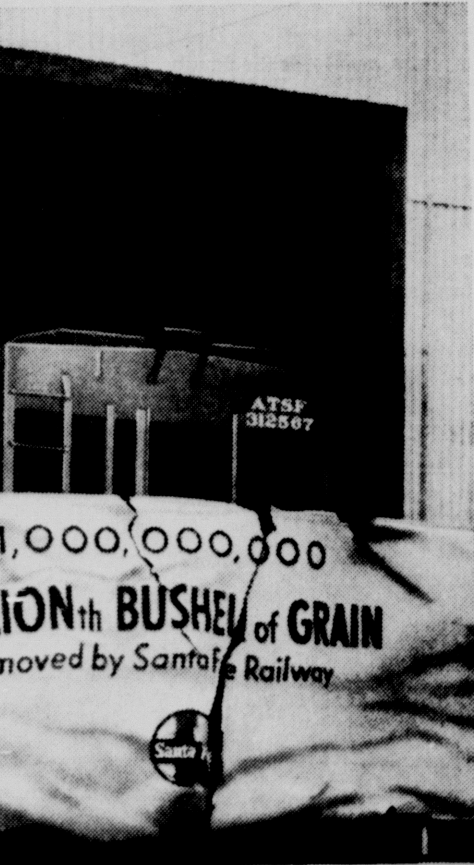

This year marks the one hundredth anniversary of Turkey Red Wheat in the United States. Through the efforts of the Santa Fe back in 1874, the Mennonites emigrated from Russia and brought with them a few sacks of their wheat. It thrived in the Midwest and parts of the Southwest to develop that area into the breadbasket of the world.

The past twenty months have been the most strenuous period in Santa Fe's one hundred year history of moving grain. A billion bushels have been handled since the heavy movement associated with the sale of grain for export, and the bumper harvests began in July, 1972. Within this period of time, Santa Fe has moved over 350,000 carloads of grain.

While moving grain is a top job, Santa Fe is busy with an equally important project of moving fertilizer to nurture the new wheat crop, for the success of this year's harvest will offset concerns about a wheat shortage.

Keeping ready for big moves is not easy. The Santa Fe freight fleet of 78,000 cars includes 16,000 covered hoppers, 12,000 of them jumbo 100-ton cars, which are ideal for moving grains, potash and other bulk commodities. Big moves also require modern diesel power, automated yards and skillful people to get the job done. All of this is now at work as Santa Fe continues at a record pace moving billions of the many things needed and used every day by the people of our nation.

THE ATCHISON, TOPEKA AND  
**SANTA FE RAILWAY**  
A SANTA FE INDUSTRIES COMPANY

The BILLIONTH BUSHEL was moved on March 20, 1974, and car 312567 at the FAR-MAR-CO elevator, Hutchinson, Kansas, broke the banner symbolizing this event.

"To give recognition to the movement of the BILLIONTH BUSHEL of grain over the Santa Fe in twenty-month period, Miss Kansas Wheat joined me at Hutchinson, Kansas, March 20, 1974."

When this record grain movement started in mid-1972, many predicted the rail industry would not be able to handle the job. Despite no advance warning and severe problems of port congestion that hampered the handling of cars with export wheat, Santa Fe and many other railroads have set records of moving grain while keeping other traffic rolling.

This great transportation job was accomplished by skillful, dedicated Santa Fe people, and through the wonderful cooperation of all shippers.

Grain continues to move in a big way and a bumper crop is expected at harvest time. That is why we are now hard at work planning ways to apply Santa Fe facilities and resources to move increasing volumes of traffic this year without serious car shortage."

*Jim Shad*  
Chairman and  
Chief Executive Officer

**Big Bronze Yields**

**DEKALB E-57 Hybrid Sorghum**

Go for big yields of heavy, bronze grain. Plant popular E-57. It combines yield power and standability. Great on dryland or irrigation. Its yellow endosperm breeding and consistent performance record make it a favorite in this area. Call me today.

DEKALB is a registered trademark. E-57 is a hybrid designation.
